First Quarter 2016 Highlights:

- Positive cash flows from operations of \$152K, increasing cash from year end to \$1.4MM
- Adjusted EBITDA of \$111,000, excluding non-cash stock-based compensation and amortization of intangibles
- Acquired DermaWand patent, trademark and intellectual property and reduced royalty expense
- Streamlined overall expense structure resulting in \$698K in decreased G&A expenses from prior year quarter
- Retail sales from French Ouebec of \$58K
- E-commerce sales from new internet retailers including bedbathandbeyond.com of \$70K
- Expanded digital marketing landscape to include programmatic advertising which enables us to better understand and attract new digital customers
- Completed new mobile and desktop dermawand.com websites resulting in improvement in customer conversion rates

Management Commentary:

Richard Ransom, President, stated, "We are pleased with our first quarter return results and believe that the investment we have made in a more diversified marketing and sales channel mix, as well as our focus on our overall costs, has started to yield the positive results we expected. Now that we have returned to a positive cash flow and EBITDA position, our focus in firmly on growing revenue, while still maintaining positive cash flow and earnings. Our team is excited to launch several new projects over t he remainder of the year which we feel will spur growth from both a top and bottom line perspective. As I have stated in prior communications, I firmly believe in the plan we have to grow through a digitally focused marketing strategy, while continuing to acquire additional assets to sell through our domestic and international sales channels. Our team is confident in our plan and we are looking forward to the continued growth of ICTV Brands."

Reported Financial Results:

First Quarter 2016 Compared to First Quarter 2015:

Revenues for the three months ended March 31, 2016 were \$3.7 million, compared to \$8.9 million in the prior year quarter. The decline in sales is attributable to the Company's decision to decrease its overall television media related expenditures and focus more reso urces on our digital marketing platform and other projects in our pipeline. Additionally, we concentrated our media buys to more profitable airings to ensure we are achieving the appropriate return on our investment. Furthermore, we are excited by the increase in revenue from our retail and e-commerce channels and are looking forward to further growth in these areas throughout the remainder of 2016.

Our gross profit percentage was 68% compared to 70% during the prior year quarter, decreasing as a result of a higher percentage of international sales to overall sales, 33% compared to 20%, which are sold at a lower overall margin but a higher overall profit than our direct to consumer sales. Total royalty expense decreased to \$94,000 from \$283,000 in the prior year quarter, which is a result of volume but also our purchase of the DermaWand patent and all related intellectual property completed in January. We estimate the savings from the prior licensing agreement royalty of \$2.50 per unit to acquiring the asset under the purchase agreement at \$75K per quarter to be in the excess of approximately \$105K for the first quarter of 2016.

The Company has continued to make a concerted effort to reduce unnecessary spending including implementing additional controls around its overall cost structure. Total general and administrative expenses decreased to \$1.0 million from \$1.7 million in the prior year quarter, as a result of bad debt expense decreases of \$392,000, travel expenditure decreases of \$95,000, payroll and employee benefit expense decreases of \$75,000, legal expense decreases of \$58,000, consulting expense reductions of \$50,000, and share based compensation decreases of \$41,000.

As a result of volume decreases, primarily a \$2.5 million decrease in media expenditures, our total selling and marketing expenses decreased to \$1.7 million from \$4.8 million in the prior year quarter. Significant quarterly decreases include answering service decreases of \$271,000, customer service decreases of \$242,000, and merchant fee decreases of \$113,000. Additionally, our production expenditures decreased \$86,000 as result of the timing of our new product launches. As we continue to build our digital marketing platform, partially offsetting these decreases was an increase in digital marketing expenses to \$348,000 from \$214,000 in the prior year quarter.

Net loss for the first quarter was (\$89,000), compared to a net loss of (\$270,000) in the prior year quarter. The resulting EPS is (\$0.00), as compared to (\$0.01) in the comparable prior year quarter. Adjusted earnings before interest, taxes, depreciation, and amortization (Adjusted EBITDA) was \$111,000 compared to an EBITDA loss of (\$94,000) in the prior year quarter.

Balance Sheet as of March 31, 2016

At March 31, 2016, we had \$1.4 million in cash and cash equivalents compared to \$1.3 million at December 31, 2015. We had positive cash flow from operating activities of \$152,000 during the three months ended March 31, 2016 compared to cash flow used by operating activities of \$628,000 for the same period in 2015. We had working capital of approximately \$2.0 million at March 31, 2016, compared to \$2.3 million at December 31, 2015, which decreased as a result of the current portion of the DermaWand asset purchase agreement of \$286,000 being included in the calculation as of March 31, 2016 and is not indicative of any deterioration in working capital. Based on our current rate of cash outflows and cash on hand, management believes that its current cash will be sufficient to meet the anticipated cash needs for working capital for the foreseeable future.
